WHO WE ARE

Specializing in Occupational and Preventive Medicine, Medi Sense Clinic is dedicated to providing comprehensive, high-quality, and safe medical services tailored to the needs of corporate clients, their employees, families, and individuals across the UAE, GCC, or those in transit through Dubai.

As a one-stop solution for occupational and preventive healthcare, our goal is to help organizations reduce medical leaves, enhance workforce productivity, and minimize lost working hours.

With a holistic approach to healthcare, Medi Sense Clinic ensures your team remains healthy, engaged, and performing at their best. Built on a solid foundation of Occupational Medicine, our medical staff focuses on proactive prevention, prioritizing the well-being of clients over merely treating medical conditions.

EXCELLENCE
DISTINGUISHES US AS
YOUR TRUSTED
HEALTHCARE PARTNER**

A photograph of the MediSense Clinic reception area. The image shows a modern, clean interior with a large glass wall. On the glass wall, the MediSense logo is prominently displayed, featuring a green cross icon followed by the text "MediSense" in a green, sans-serif font. To the right of the logo, there are several decorative circular elements in shades of green and grey. In the foreground, there is a long, sleek, dark green reception counter. The ceiling is white with recessed lighting, and the overall atmosphere is professional and bright.

+MediSense

OUR MISSION AND VISION

Medi Sense Clinic aims to be the trusted healthcare partner for local and international corporate clients and their families. Our goal is to provide not only exceptional occupational health services but also a comprehensive range of other medical specialties.

Dedicated to achieving the highest standards of quality and safety, we prioritize client satisfaction while continuously enhancing and expanding our offerings.

Medi Sense Clinic is committed to meeting customer needs and improving satisfaction by adhering to regulations and maintaining a strong Quality, Health, and Safety Management System. We focus on continuous improvement through structured procedures, measurable objectives, advanced technology, and ensuring that our staff is knowledgeable, professional, and highly competent in their roles.

OUR CORE VALUES

M

Medical Accuracy

Your treatment is provided in accordance to the latest medical knowledge and evidence-based practice.

E

Empathy

Our services are served with a sense of understanding and compassionate care is deeply valued here.

D

Disciplinary Care

We ensure holistic patient care whilst promoting teamwork and collaboration amongst our healthcare professionals.

I

Integrity

We respect ethical standards in all aspects of our operations, including patient confidentiality, treatment care, billing, etc.

S

Safety

Hygiene and safety are strongly practiced here; patient and staff wellbeing is of utmost importance to us.

E

Effective Communication

Clear and transparent communication between healthcare providers and patients, promoting understanding and trust.

N

New Innovations

We adapt to evolving healthcare trends and advanced technology to suit your needs.

S

Sustainability

Ecological, economic and social aspects are all considered while we serve you.

E

Efficiency

We ensure cost efficiency, proper resource allocation, and staff utilization for efficient clinical operations.

GROWING STRONG THROUGH OUR CORE VALUES

WHY CHOOSE US
